

AMIT KUMAR SAHU

Frontend Developer | React.js | TypeScript | Redux | UI Development

Gurugram, Haryana, India | +91-9990441648 | amitsahu100100@gmail.com | linkedin.com/in/amitsahu1

PROFESSIONAL SUMMARY

Frontend Developer with 8+ years of experience building scalable, high-performance web applications using React.js, TypeScript, JavaScript (ES6+), Redux Toolkit, and REST APIs. Skilled in developing reusable UI components, state management, API integration, and performance optimization. Experienced in Agile/Scrum environments with a strong focus on delivering user-friendly, responsive, and maintainable applications. Proven ability to improve application performance, enhance user experience, and collaborate with cross-functional teams to deliver high-quality software solutions.

CORE COMPETENCIES

Frontend Development, React.js Development, Single Page Applications (SPA), State Management (Redux Toolkit, Context API), REST API Integration, Performance Optimization, Accessibility (WCAG), Responsive Web Design, Agile Development, Code Review & Mentoring

TECHNICAL SKILLS

Frontend Technologies: React.js, TypeScript, JavaScript (ES6+), Redux Toolkit, Context API

UI Technologies: HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Material UI

Tools & Version Control: Git, GitHub, Bitbucket, Axios, REST APIs, Cursor AI, GitHub Copilot

Practices: Accessibility, Responsive Design, Performance Optimization, Cross-Browser Compatibility, Agile/Scrum

PROFESSIONAL EXPERIENCE

Q3 Technology Pvt Ltd | Gurugram, Haryana

Senior Software Engineer | Feb 2023 – Present

- Developed scalable and responsive web applications using React.js, TypeScript, Redux Toolkit, and REST APIs.
- Leveraged AI-powered development tools such as Cursor AI and GitHub Copilot to accelerate code generation, debugging, and development productivity.
- Built reusable UI components to improve code maintainability and reduce development time.
- Implemented API integration using Axios and reduced unnecessary API calls through debouncing and lazy loading.
- Improved application performance through code splitting, memoization, and React optimization techniques.
- Collaborated with UI/UX designers and backend developers to deliver user-friendly, high-quality applications.
- Implemented role-based authentication, protected routes, and secure frontend architecture.
- Ensured cross-browser compatibility and mobile responsiveness across multiple devices and platforms.

Groupbayport Pvt Ltd | Gurugram, Haryana

Senior Software Engineer | Jan 2022 – Feb 2023

- Developed interactive single-page applications (SPA) using React.js, JavaScript, HTML5, and CSS3.
- Managed application state using Redux and Context API for improved scalability.
- Built responsive web pages compatible with desktop, tablet, and mobile devices.
- Integrated RESTful APIs and handled asynchronous operations using Promises and Async/Await.
- Developed reusable components with a modular architecture for efficient development.
- Optimized website loading speed and improved SEO performance.
- Resolved UI bugs and enhanced application usability and accessibility.

Teamworkarts Pvt Ltd | Sultanpur, New Delhi

UI Developer | Nov 2019 – Jan 2022

- Developed and maintained dynamic websites using HTML, CSS, JavaScript, and React.js.
- Converted PSD/Figma designs into responsive, pixel-perfect web pages.
- Implemented form validations and interactive user interfaces to improve user experience.
- Resolved browser compatibility issues and enhanced frontend performance.
- Integrated frontend applications with backend REST APIs.
- Ensured website responsiveness and compliance with accessibility standards.

The Webplant Pvt Ltd | Saket, New Delhi

Web Designer | 2014 – 2019

- Designed and developed responsive websites using HTML5, CSS3, JavaScript, jQuery, Bootstrap, and HubSpot.
- Built visually appealing, responsive web layouts with compatibility across multiple browsers and devices.
- Conducted website performance testing, usability improvements, and frontend optimization.
- Coordinated with QA teams, managers, and stakeholders to gather requirements and resolve technical issues.

KEY PROJECTS

HMC – Hero MotoCorp Tag Application

Web-based enterprise application to manage vehicle tagging, inventory tracking, employee operations, and workflow management. Built modules for tag management, data tracking, reporting, and user management with real-time data handling and responsive UI across desktop and mobile.

Technologies: React.js, TypeScript, Redux Toolkit, Material UI, REST APIs, Axios

GJS India – Gem & Jewellery Show | gjsindia.org

Leading B2B jewellery exhibition platform organized by the All India Gem & Jewellery Domestic Council (GJC), connecting manufacturers, wholesalers, retailers, and buyers through large-scale exhibitions and networking events.

Technologies: React.js, JavaScript, Redux, REST APIs, Bootstrap

BannerBuzz | bannerbuzz.com

Global e-commerce platform for customized banners, signs, displays, and branding solutions. Delivered a responsive shopping experience with product customization tools, dynamic product pages, and performance-optimized interfaces across devices.

Technologies: React.js, JavaScript, Redux, REST APIs, Material UI

Jaipur Literature Festival | jaipurliteraturefestival.org

Digital platform showcasing one of the world's largest literary festivals, providing information on events, speaker sessions, schedules, venues, and ticket registration in an engaging, user-friendly interface.

Technologies: React.js, TypeScript, Redux Toolkit, Material UI, REST APIs, Axios

KEY ACHIEVEMENTS

- Improved application performance by 30% through code splitting and lazy loading.
- Reduced unnecessary API calls by 40% using debouncing techniques.
- Developed 20+ reusable UI components used across multiple projects.

EDUCATION

Master of Computer Applications (MCA) — IGNOU, Prayagraj, UP | 2010 – 2012

Bachelor of Computer Applications (BCA) — IGNOU, Prayagraj, UP | 2008 – 2010

INDUSTRY EXPERTISE

Enterprise Applications, E-commerce Platforms, Automotive Solutions, Event Management Platforms, Jewellery Industry Platforms, B2B & B2C Web Solutions
